

PROFESSIONAL SUMMARY

UI/UX Designer with 2+ years of experience designing web and mobile products across healthcare, professional networking, AI, and event-tech domains. Passionate about creating intuitive, user-centered digital experiences through research-driven design, scalable design systems, and visually engaging interfaces. Strong collaborator with experience taking products from concept to implementation.

WORK EXPERIENCE

UI/UX Designer Jul 2024 – Present
GoodLives

- Led UI/UX design for multiple web and mobile products, delivering end-to-end solutions from concept to implementation.
- Created user flows, wireframes, high-fidelity UI, responsive designs, and reusable design systems.
- Collaborated with cross-functional teams to deliver user-centered digital products and ensure seamless developer handoff.
- Improved product usability and maintained design consistency across platforms.
- Maintained design quality during implementation by working closely with developers throughout testing and release cycles.

UI/UX Design Intern (Full time) Dec 2023 – Jun 2024
GoodLives

- Led comprehensive UI revamp of GoodLives mobile application, improving user experience
- Established consistent visual identity across all digital channels and platforms
- Designed monthly social media content maintaining brand consistency and engagement
- Created promotional posters for offline marketing initiatives and events

UI/UX Design Intern (Part time) Jun 2023 – Jul 2023
GoodLives

- Created a user-friendly Slack application to enhance team communication and collaboration
- Designed a persuasive pitch deck showcasing the company's mission, vision, and unique value
- Designed an engaging brand mascot to represent the brand and foster accessibility and friendliness

FEATURED PROJECTS

MentBlue | Professional Networking Platform

- Designed 120+ high-fidelity screens across Phase 1 and Phase 2 of a LinkedIn-inspired platform for law students and legal professionals.
- Created user experiences for networking, internships, job applications, mentorship, hackathons, courses, and community engagement.
- Designed scalable, responsive interfaces and collaborated with developers for implementation.

TX – The Xperience | AI-powered Event Planning Platform

- Designed the end-to-end product experience for an AI-driven event planning platform.
- Created user flows, wireframes, high-fidelity prototypes, and reusable UI components.
- Designed responsive interfaces for seamless event planning across devices.

Skyhigh India | Website Design

- Designed the complete responsive UI for the new SkyHigh India website, aligning the digital experience with the company's brand identity.
- Created modern, user-centric layouts with a strong focus on visual hierarchy, usability, and accessibility.
- Designed intuitive navigation and responsive interfaces to ensure a seamless experience across desktop and mobile devices.
- Collaborated with stakeholders and developers to deliver pixel-perfect, implementation-ready designs.
